

## OFFICERS OF THE SALT LAKE HIGH SCHOOL BATTALION.

The officers of the High school cadets, from left to right, are: Second Lieutenant John Bills, company D; Second Lieutenant George Parsons, company B; First Lieutenant Spencer Wright, company B; First Lieutenant Andrew Clark, company A; Captain Earl Van Cott, company D; Captain Lester Moreton, company B; Captain William C. Webb, commandant; Captain, Louis Paddison, adjutant; Captain Marre Van Cott, company A; First Lieutenant Bruce Wedgwood, company C; First Lieutenant Stephen Beesley, company D; First Lieutenant Yale Pfoutz, company C; Second Lieutenant George Bellemere, company C; Second Lieutenant Terrell Hoyt, company A.

The officers of the High school cadet corps appeared in two battalion parades recently in their full dress uniforms.

The uniform is that used at West Point by the entire corps and is seen for the first time in the intermountain country. The uniform will be in evidence every evening at retreat parade at the annual encampment to be held

at a short distance from Lehi Junction. The encampment will be for a period of twelve days.

A list of the athletic events which are every year made one of the features of the encampments was submitted to the approval of the cadet officers by Lieutenant Wright, who is to have charge of this division. Prizes have been secured from leading establish-

ments of the city, and these will be contested for by any of the cadets who may choose to compete. A record will be kept of the points made by the members of each company, and a pennant will be presented to the winning organization. This will be competed for each year.

Each company will also have a baseball team; and the band, trumpet corps

and non-commissioned staff officers will also enter a team in a league to determine the championship of the battalion. Among other events are races of all descriptions. There will be all of the regular speed events, and several josh races, such as pick-a-back, bag races, wheelbarrow, three-legged, tambourine, button, equipment, ammunition and crawl races.

MUTE FLUENT IN ORDERING MEAL  
ARRESTED FOR SERIES OF THEFTS

A deaf and dumb house-to-house beggar, who can talk, hear, swear and drink whisky as well as anybody, was arrested at 5 o'clock Tuesday afternoon while eating a meal at the Chesapeake cafe, on West Second South street. The man gave his name as F. F. Marion.

Tuesday morning and afternoon the police were looking for the "mute," who had been reported to be operating in the northwestern part of the city. Also, a number of articles had been reported stolen from houses in that section. Late in the afternoon a dress suit case was reported stolen from 149 North First West street, and Patrolmen Cluff and Griffin searched that section for the thief. At 5 o'clock police headquarters was notified that the "mute" was in the Chesapeake cafe partaking of a meal which he had ordered in English.

Marion's game was to go from house to house and present a tablet upon which was written, "an deaf and dumb and am trying to get to Milford. I was robbed of everything I had in Ogden. Please help me." When he did not find anybody at home he walked in and took whatever of value he found.

Mrs. George A. Smith of 21 North West Temple missed \$20 in gold. She

was in the back of the house when Marion knocked at the front door. She was presented with the tablet upon which the mute's plea was written. She went into a room to get some change for him, and in the interval he stole \$20 out of a pocketbook lying on the hat rack in the hall. After the thief had departed Mrs. Smith discovered her loss and reported it to police headquarters.

At other houses visited Marion stole a number of hats. He had operated in Salt Lake only about eight hours when captured. When arrested he was under the influence of liquor and had \$10 in gold and \$1.35 in silver.

A general round-up of vagrants followed Marion's arrest. In the Cactus saloon, on West South Temple street, were arrested five professional hobo beggars. John Lynch, with a leg and an arm off, had a quantity of pencils in his possession. Charles Martin, with a scratch on the left arm and a forty years' crop of dirty whiskers, had a handkerchief and a toothpick. F. Campbell had nothing, and James Grim had a "tag."

Marion is a partner of Carl Conner, who was arrested and sentenced Monday for vagrancy. Conner played the deaf and dumb game also. Since being lodged in the city jail the power of speech has been restored under the treatment of Jailer Ripley.

BRIDE FIGURES IN QUICK CHANGE  
WHICH ADDS TO ECLAT OF WEDDING

A bride-to-be figured in a quick change act yesterday which added great eclat to the wedding. As the couple drove through the principal streets toward the church, the admiring glances of the passers-by convinced the groom that the hand-made trousseau was changing its owner. The maiden had arrived in town in the early morning hours clothed in her customary habiliments and crowned with her last season's hat.

The groom-to-be was not pleased to see the bride-to-be, and pulling a roll from his inside pocket, he counted his cash and decided that he could afford more finery than he had in sight.

Taking her gently by the hand he led the way to a haberdashery, the only spot for "buying" with which he was familiar. The wise man behind the counter directed him "four doors west" and he found the fair young bride over to her skillful fingers, he very discreetly withdrew.

The handsomely groomed clerk viewed the situation and decided that this was a chance for a literally clean sweep, and he made it. Taking her courage in both hands, he bade the bride-to-be to marry him and stand up and disrobe. When the process was complete it was found that there were many requisites, some of which were a part of her stock in trade, and some of which were not. Nothing daunted, the handsomely groomed clerk called to her the minister of the establishment who answer the same purpose as cash boys, and dispatched them for shoes, and other things, and the arraying process began.

The bride-to-be was dressed in a handsome pink satin of her own choosing, with a voluminous veil and all the paraphernalia to match. Her lovely feet were encased in white shoes and her costly habiliments adjusted to the size and style of her person.

The groom returned and, after surveying the scene decided that a bridal bouquet was the next requisite. He communicated his wishes to the clerk and she suggested that he find that part of the equipment for himself. Gravely shaking

his head, he told her in his own particular brand of English with dash of Norwegian that he preferred her choice, and she ordered the bouquet.

All things were now in readiness for the officiating clergyman, and the arrival of the couple to the altar as witnesses seemed to be the sign for the departure. The dashing steeds for the bride and groom were waiting at the front door, when one of the attendants discovered that her hair was not arranged to suit her, and a wild dash was made for a haberdashery.

After a long and weary wait the bride was marched out to the carriage through the church doors, and the drive to the church began.

A MOUNTAIN CLIMBER  
GAINS 12 Lbs. on Change of Food.

When a change in food can rebuild a man 77 years of age, it is evidence that there is some value in a knowledge that can discriminate in the selection of proper food to rebuild the body. A few months ago the physician attending a man 77 years old, told him that death from old age would soon claim him. He suffered from general weakness and debility.

An old lady advised him to quit coffee, drink Postum Food Coffee and eat Grape-Nuts food every morning. He took the advice, and has gained 12 pounds. Says he as well as he ever was, and can take long trips in the mountains, which he had been unable to do for a long time.

There is a reason for this: in the first place, coffee acts as a direct nerve destroyer on many highly organized people, both young and old, and many people haven't the knowledge to select nourishing, healthful, rebuilding food.

Both Postum Food Coffee and Grape-Nuts food are made from selected parts of the field grains that contain delicate particles of phosphorus of potash and albumen. These two elements combine in the human body to quickly rebuild the gray matter in the brain and in the nerve centres throughout the body.

Direct, sure and certain results come from their use and can be proven by any person that cares to make the trial. "There's a Reason." Read "The Road to Wellville," in pags.

MAYOR APPROVES THEM.  
Signs All Measures Passed by Council Monday Evening.

Mayor Thompson yesterday signed all the measures passed by the city council Monday evening. There are several matters which have not been presented for his consideration as yet, but these will be reported on, probably, today.

HEROINE OF A STORMY HONEYMOON  
SUES FOR DIVORCE AND ALIMONY

The wedded bliss of Irinda Spafford Estes was apparently of only a few weeks' duration, according to a complaint filed by her yesterday in which she asks a divorce from her husband, B. F. Estes. The complaint gives a catalogue of the husband's alleged misdeeds, which started the month after the marriage.

The marriage vows were said in Salt Lake Sept. 28, 1905, and some time in October of the same year, Estes is charged with slapping his wife in the face and choking her. Then, on July 6, 1906, he is accused of calling her vile names and saying that she was untrue to him. This date is also made memorable because he threatened to kill her. A few days later he is said to have repeated the performance and increased plaintiff's suffering by slapping her and then throwing her to the floor and so injuring her that she was confined to her bed. Again, on May 17, 1907, the

wife was called a liar and again thrown to the floor and slapped.

At the conclusion of the complaint there is a sort of an omnibus indictment against the husband, charging him with going through the performance of the husband's alleged misdeeds, which started the month after the marriage.

Mrs. Estes great mental distress and anguish and humiliated her.

Estes is an engineer on the Rio Grande and draws \$125 a month salary. The complaint alleges that he owns property at 640 Third South street valued at \$7,000, a house and lot at 266 West Fifth South street valued at \$3,700, two lots in Lincoln Park addition valued at \$250 and \$2,000 in bank.

In view of all this wealth the plaintiff asks for \$5,000 as her share of his property and \$60 a month alimony, together with \$100 to prepare for the trial of the case and \$150 attorney's fees.

There are no children.

TO PAVE STREET  
SAYS HE WAS DECEASED

Senior Brings Another Suit to Determine Title to Tract of Mining Land.

In a complaint filed in the district court yesterday F. J. Senior alleges that H. E. Bassford and Helena Bassford, his wife, conveyed a tract of mining land in City Creek canyon to one J. P. Marshall while they were holding the land in trust for him. He alleges that on Oct. 4, 1905, Carrie Gray purchased the land from the state and then turned it over to the defendants, the stipulation being that it was to be held in trust for Senior. The defendants, it is alleged, deeded it to Marshall, the stipulation being that it was to be held in trust for Senior. The plaintiff asks the court to grant equitable relief by setting aside the deed and giving him the title. The land is described as follows:

All of the north half of section 16, and the south half of section 17, in township 16, and the east half of the southeast quarter of section 16, all in township 1 north of range 1 east, Salt Lake base and meridian.

Saturday last Senior filed a complaint against the same defendants, asking for \$50,000 on a similar transaction.

WIFE GRANTED DECREE.  
Secures Property Purchased With Money Husband Gave Her.

Edith May White is happy today. She no longer has a husband and has been given a permanent divorce. Judge Morse yesterday decided the case in favor of Mrs. White on all the points at issue, besides giving her a divorce.

Two Cases Argued.

The supreme court yesterday heard arguments in the following cases, which were taken up by the attorneys for the plaintiff and the defendant: W. G. Owen, deceased, against S. P. Armstrong, administrator; I. X. L. Furniture company against Louis B. Foster and others. The case of George Jones against the Bonanza Mining & Milling company was continued until June 10.

On motion of S. P. Armstrong, Jesse B. Root, of Montana, was admitted to practice before the court.

## A Nurse's Story

If you are a sufferer from headache, neuralgia, or pain from any cause you should read the following letter from a nurse.

"For sometime I have felt it my duty to write you. I was having my doctor twice every week for headache. All he did for me was to give me something to ease the pain. Sometimes the pain was so severe that I could not speak, and members of my family stood over me and gave me medicine every fifteen minutes until I was relieved. A sample of Dr. Miles' Anti-Pain Pills fell into my hands. I read the circular very carefully, and found my case described exactly. The next time my head began to ache I took the pills according to directions and I felt I was getting better, so I sent to the drugstore for a box and took them until I was so much better that I was about the house all the afternoon. I have not had a headache since. I have not met me sometime after he wanted to know how I was, and I told him what I had done and he said, 'If you have found anything that will help you, stick to it,' and so I have. Being a nurse I could tell you of many similar cases."

One case I will mention. I saw a doctor go to a neighbor for a headache because she had such awful headaches; but for a long time I dared not suggest anything. One day I met her and I gave her a half a box of Anti-Pain Pills and she used them and has had no doctor since. She says they are a great blessing to her and said, 'Why didn't you tell me about them before? I could tell you of many similar cases.'"

MISS JOSEPHINE BOHN, 170 W. Genesee St., Auburn, N. Y.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

The Importance  
of Regular Habits

The welfare of the body depends upon how regularly the stomach, liver, kidneys and bowels perform their respective duties. Carelessness or delay in attending to Nature's demands, brings on disorders which, sooner or later, have a bad effect on the general health.

Sluggish bowels, inactive liver, retarded digestion are important matters calling for immediate attention.

## BEECHAM'S PILLS

are a proven remedy. They possess corrective properties which act favorably upon the several organs and induce free and regular movements, so very essential to the bodily health. Do not fail to give instant attention to the calls of Nature. Neglect invites disease. Beecham's Pills are the old and reliable safeguard of health and can always be depended upon to

Keep Stomach, Liver and  
Bowels in Good order
